

An "iMoneyMinute" is an idea that in less than one minute will give you a way to save time, save money, make money, or reduce your financial risk.

## Throw a FREE Party!

It is good to build your relationships and spend time with friends. And it is also good to spend that time without spending tons of money. We have found a way you can throw a **FREE** party and get **freebies** for you and your guests! [HouseParty](#) is a website where big companies go to sponsor parties where you can try out products or view upcoming TV shows and pre-released movies. You just search for a party that looks interesting to you (and see what goodies are involved), and then apply to be a host. Then you take pictures and write a little bit about your experience. It is a good way to spend time with friends and save money!

You can read some reviews from people who have joined HouseParty [here](#).
