With the growth of social networking and online marketing, the potential for online freelance jobs and working from home has grown tremendously. From writing articles, blogs, and eBooks to designing websites, there are numerous ways to earn money freelancing online.

We have researched several companies and have found positive information about the following sites (meaning that they are legitimate and can make you money):

- [www.ifreelance.com](http://www.ifreelance.com)
- [www.elance.com](http://www.elance.com)
- [www.guru.com](http://www.guru.com)

Freelancing and More has a [great blog](#) that discusses all sorts of topics relating to freelancing, from what types of jobs you can find to how to [avoid scams](#).
