Know Exactly When To Book Your Travel for the Best Price!

The holidays are already fast approaching! Planning a trip and want to know the best time to buy your airline tickets? It would be great if there were some way to know if ticket prices are going to go up or down so you could buy now or hold off for a better deal. Well, now there is a way!

Bing.com has a great travel site that lets you know if prices on a particular flight or cruise are likely to go up or down. And it also shows whether traveling a day earlier or later would cost less. [Click here to check it out!](#) Once you've searched for a flight, you'll see one of these arrows that will tell you what your best option is.

Most airlines come up on this search predictor. Southwest is one that does not. But because Southwest tends to have low prices (and FREE checked bags – that is easily \$20-50 cheaper per flight!) we suggest you check [Southwest](#) as well!
