Instantly Save 10, 20, 30% or MORE on Online Purchases!

Online shopping is at an all-time high. The convenience and variety it offers is incredible! But many people often overlook one of the major money-saving benefits of shopping online. Let's call it *cyber coupon-clipping*, although it's much faster and easier than taking out your scissors and hunting through the weekly ads in the newspaper. Once you are ready to order online, first walk through this simple process:

- o Open another browser window (another webpage in Internet Explorer, Mozilla Firefox, Google Chrome, etc.).
- o Type **google.com** in the address bar.
- o In the search box, type the name of the product you are planning on buying and/or the "store" you are buying it from (i.e. Target, Lakeside Collection, Knitters Corner, Best Buy, etc). Then put the word "coupon" at the end.
- o Google will provide you with a list of sites that have coupon codes for that product or store.
- o Type that code in the "Coupon" or "Discount Code" box on the vendor's website and hit "Apply" to see your total decrease instantly!

We recommend using Google for the coupon search because it is more extensive and brings up the best results for this type of search. Search engines like Bing are for more research or info-related searches.

These are great savings – but remember always to shop within your budget!

Your checkout progress:

cart > shipping > **payment** > review & submit

Billing address

Address (*) indicates required field

E-mail address*

Yes. Sign up for e-mail to receive new product information and special offers from the HP Home and Home Office Store. Before you choose, visit our [Online Privacy Statement](#) to learn how we use automatic data collection tools and your personal information to tailor your communications.
