Fun Gadgets to Save Time and Money

Sometimes, convenience can be FUN! Here are some gadgets that might save you time or money, or may even be a fun gift for those people in your life who have everything, but either way, one of these is sure to get a laugh!

- [USB Outlet](#) – runs \$29.99, which is comparable to the cost of other chargers *and* allows you to charge your devices while still being able to use the electrical outlet for your other items.
- [Type and Walk App from iTunes](#) – For \$0.99 you can use this app which uses your phone's camera to let you see where you are going so you can text and walk at the same time, no problem! WARNING: this app is only advisable for people who have demonstrated the ability to walk and chew gum at the same time.
- [Rechargeable USB size AA Batteries](#) - \$14.20 at Amazon. You can use these batteries as you would any others, but when they need charging you pop off the cap to uncover a USB plug that allows you to use them over and over again.
- [Ice Cream Lock](#) – Ben & Jerry's has a device for \$6.64 that allows you to keep everyone else out of your ice cream. Just set your own combination and *voila!* Unless you live by yourself or are lactose intolerant, this item is a must have.

- [At-Home Drinking Fountain](#) – \$9.99 at Amazon. Stop wasting paper cups or hitting your head trying to rinse your mouth after brushing your teeth with this tap that turns your faucet into an instant drinking fountain.

- [Toilet Seat Pedal](#) – For \$24.99 you can forever end the battle of the toilet seat with this pedal that keeps the lid up while in use and lowers it down afterwards. A must have for any woman who has a male out of diapers in the house.

- [Pen Cap Eating Utensils](#) - \$8.33 from Amazon. If you have a busy job that gets in the way of lunchtime, now you can multitask by popping a fork onto the end of your pen. Eat and take notes at the same time.
