An "iMoneyMinute" is an idea that in less than one minute will give you a way to save time, save money, make money, or reduce your financial risk.

## Money in Your Mailbox Just Got Bigger

For many years Valpak and Money Mailer have put money in your mailbox by sending coupons from local vendors. But what if you want to go to a restaurant a few miles further down the road and would like to use a coupon? Or what if your favorite dry cleaner is closer to your office than home?

Now you can find both Valpak and Money Mailer online and get coupons to use outside of your immediate neighborhood. Just print your coupons or load them on your phone (apps available for both Android and iPhone)

## A New Way to Put Money in Your Pocket

Also, if you have a Facebook account, we have come across a new app that you can use to earn some extra cash (up to \$15 a week). With [Jingit](#) you can earn cash PLUS Boxtops for your child's school by watching short advertisements and answering a few questions after

each ad. You can earn more by doing check-ins and scanning a product's barcode while you are out shopping if you have a smartphone (this app is available for both Android and iPhone as well).

You can add your earnings to a Jingit debit card or use them to buy music online. This is a good way to save up for things like Christmas presents or family dinners out.

While this is a quick and easy way to earn a few extra dollars that can really add up, we do caution you to realize that you are watching ads and to avoid the pressure to go right out and buy those products without making sure they fit your needs and budget first.
