## Money-Making Apps

Wouldn't it be nice to earn some extra money doing things you already do? Even things like watching TV or shopping?

Now, this idea comes with a word of advice: we would first encourage you to make sure you are spending enough time with friends and family and doing the things you need to do.

But we also understand that rest and relaxation are important.

**Viggle** is an app that you use to *get paid for watching TV!* You check in to shows to get points that you can save and redeem for gift cards to places including Best Buy, Barnes & Noble, Amazon, and more!

You can also earn points for watching commercials, playing along with trivia about different shows, or by playing MyGuy sports challenges where you change the player during a sports game and try to get a high score.

**Shopkick** gives you points for checking in at your favorite stores and for some of your purchases there. If you happen to have a Smartphone and shop at Target, you get points that they call "kicks" which you can use to redeem rewards.

We urge you to be careful about your spending and avoiding impulse buying, but if you are already going to the stores that offer "kicks," then this can be a great way to earn rewards.

## Watch TV. Get Rewards.

Check into your favorite TV shows with Viggle and get great rewards such as movie tickets, music, gift cards and much, much more. All just for watching the TV shows you love.
